### Food Contact Guidelines:

The Food Compliance Guidance for food contact suitability of paper, corrugated products, and published food contact articles provide a harmonised approach to industry self-regulation. Ankutsan uses this document as a guide in the production of packaging that comes into contact with food.

\* : [https://www.cepi.org/wp-content/uploads/2020/09/Food-Contact-Guidelines\\_2019.pdf](https://www.cepi.org/wp-content/uploads/2020/09/Food-Contact-Guidelines_2019.pdf)

### Good Manufacturing Practice:

Ankutsan manages its processes in accordance with the (EC) No 2023/2006 (22 December 2006 on Good Manufacturing Practice for Materials and Articles Intended to Come into Contact with Food) regulation at every stage of the supply chain and process.

### Analyzes:

Reference samples were taken from products that will come into direct contact with food, such as pizza, fresh vegetables and fruits, and analysis was performed.

**Turkish Food Codex Regulation on Substances and Materials in Contact with Food, Annex-3**  
According to the Turkish Food Codex Regulation on Substances and Materials in Contact with Food, Annex-3, the results of the analysis performed on the reference samples were approved. Reports result is "not detected"

LTS.A.2023.10866 ENG Analysis Report - Report No: LTS.RP.2310866  
LTS.R.2023.01061 ENG Analysis Report - Report No: LTS.RP.2301061
